Deadline: Friday, December 15th

The winner will be announced in January 2018

LEGAL CONSENT

We have a number of families with adult children, uncles, aunts, grandparents and great-grandparents who play an active role in the lives of our TCA students.

Legally, TCA must have documentation that you, the parent/guardian, have given consent for TCA staff to discuss your student's academics, behavior, or medical concerns with these individuals, and that they can make decisions regarding your student.

Listing them as an emergency contact or pick-up person does not give them these rights.

Please contact the office for a consent form if these circumstances apply to your family.

TCA Technology Use Policy

Please review the Technology use policy found in the student handbook

- Without staff permission, students are not to use their cell phones during the school day. This includes texting.
- There are phones in every classroom and students may use them with staff permission.
- If a student is using their cell phone during the day, without permission, it is subject to confiscation for the remainder of the day. Consequences progress with each time staff confiscates student's personal device.
- Students are not to use their personal laptops or tablets from home.
- If a student is using their school issued laptop for non-school related purposes (ex: listening to music, watching movies, playing games that are not educational) that device is subject to confiscation.
